## REGISTRATION AND FEES

The system for registration, fees and abstracts, papers and posters submission will be activated on the Congress website at the end of November.

The fee for participation in the Congress is dependent on the status of participant and number of days of participation and includes:

- participation in the Geomatics 2016 Conference and in celebration of the 70th anniversary of the APS in Gdansk. Coffee break, lunch during the session and Baltic Geodetic Congress materials are included,
- papers of the Geomatics 2016 Conference (JCR papers could be calculated separately).

Organizers would like to ask persons and institutions paying collective fee to specify the personal data and the amount of the fee for individuals, and provide the exact address and VAT ID to issue invoices.

There will be three deadlines for the fees payment. The amounts will be announced at the Congress website in November.

## IMPORTANT DATES & DEADLINES

- 30.11.2015** – Second Announcement, instructions for Authors and dates for papers submission,
- 15.01.2016** – abstracts submission with an indication of the thematic session (early submission deadline),
- 31.01.2016** – reduced fee deadline,
- 31.03.2016** – standard fee deadline,
- 15.04.2016** – abstracts submission with an indication of the thematic session (deadline),
- 01.05.2016** – registration of the Congress participants,
- 04.05.2016** – extraordinary fee deadline.

Abstracts submitted within deadline will be included in the proceedings available during the Baltic Geodetic Congress. Papers will be included in a separate materials according to the information in the section PAPERS.

# Baltic Geodetic Congress

2 - 4 June 2016 Gdansk University of Technology

**70<sup>th</sup> anniversary of the Association of Polish Surveyors in Gdansk**

**Benefit of Prof. Mirosław Żak  
Benefit of Prof. Adam Żurowski**

and

**International  
Scientific and Technical Conference  
Geomatics 2016**

**Geodetic Forum  
Innovation in Geodesy**

## First Announcement

# Invitation

# Baltic Geodetic Congress

The Association of Polish Surveyors Branch in Gdansk and Gdansk University of Technology are honoured to invite to the **Baltic Geodetic Congress** with the participation of guests and foreign companies.

As part of the **Baltic Geodetic Congress** will be a series of events honoured **70<sup>th</sup> anniversary of the Association of Polish Surveyors in Gdansk** and **benefits of Prof. Mirosław Żak and Prof. Adam Żurowski**, and the **International Scientific and Technical Conference Geomatics 2016**, meetings and discussions within the Forum of Geodesy, presentations and exhibitions concerning geodesy and surveying. The intended purpose of the Baltic Geodetic Congress is to integrate geodetic bevy and exchange of experiences and achievements in the fields:

- Cartography,
- Engineering geodesy and geodesy monitoring,
- Future of geodetic science and education,
- Geodetic networks,
- Geographical Information Systems in environmental protection, transportation and crisis management,
- Geoinformatics,
- Higher geodesy,
- Photogrammetry and Remote Sensing, including laser scanning, maritime research methods, autonomous vehicles, vessels and aircrafts, biometric data mining,
- Satellite and space technologies,
- Spatial planning and cadaster.

## OFFER FOR COMPANIES

As part of the Baltic Geodetic Congress organizers invite companies to promote their business. They will be shared among others: promotional sessions, information stands, advertising boards, participation in the exhibitions and organization of workshops and demonstrations. At the request of individual companies it is possible to determine the scope of promotion. The organizers also invited to sponsor the Congress and its events.

## 70th anniversary of the Association of Polish Surveyors branch in Gdansk

Start of socio-professional activities of surveyors in Poland dates back to 1919. It then was led by numerous associations and unions: surveyors and sworn surveyors. In 1945, the Union of Republic of Poland Surveyors (URPS) was found, whereas 70 years ago, in 1946, USPS branch in Gdansk was legalized. In 1953 the VII Congress of URPS Delegates changed the name to the Association of Polish Surveyors.

### Prof. Mirosław ŻAK

was born on 09.10.1936 in Katowice. Graduate Technical School of Geodesy in Katowice and Department of Mining and Industry Geodesy of AGH in Krakow. Professor of technical sciences since 1994. Head of the Department of Research and Experimentation in the Geodesy and Cartography Regional Company in Katowice. Director of Geodesy and Cartography Regional Company in Gdansk. Head of the Department of Higher Geodesy in Hugo Kołłątaj Agricultural University in Krakow. Author of numerous expert and technical opinions and research papers. Co-author of many inventions and ideas. Member of the APS since 1958. Since 1992, the real estate appraiser. He has received numerous awards, honors and decorations.

### Prof. Adam ŻUROWSKI

was born on 03.03.1929 in Lviv. Graduate High School in Jelenia Gora, Faculty of Water Construction at the Gdansk University of Technology and the Faculty of Geodesy and Cartography at the Warsaw University of Technology. Professor of technical sciences since 1992. Deputy Director of the Institute of Hydrotechnology, Dean for Science of Faculty of Hydrotechnology, Dean of the Faculty of Hydrotechnics at the Gdansk University of Technology, Head of the Department of Geodesy at the Faculty of Civil and Environmental Engineering at the Gdansk University of Technology. In addition to research and teaching, activist in international organizations and national scientific committees. Author of numerous expert opinions, reviews, books, manuals and scripts for students. Member of the Association of Polish Surveyors since 1970. He has received numerous prizes, awards and honours.

## PUBLICATIONS

Baltic Geodetic Congress materials will include abstracts in Polish and English. It is expected that monograph edition scored on the list of Ministry of Science and Higher Education will be issued.

**Geomatics 2016 conference materials** will include reviewed posters and presentations that will be made in an electronic publication form to indexation in ISI Web of Science and Scopus databases. It is also expected to publish the best papers in extended form in journals of the JCR list.

All materials will be available in electronic form.

## ABSTRACTS, PAPERS, POSTERS

**Abstracts of papers** or **abstracts posters** should be prepared in English and optionally in Polish or author's national language. **Conference papers** and posters should be prepared in full in English. Regardless of the Geomatics 2016 conference materials, **presentations and chapters to the Congress monograph edition** can be prepared in Polish. Instructions for Authors will be given in Second Announcement.
